Savar, Dhaka, Bangladesh

SUMMARY

Aspiring to excel as a Flutter developer by leveraging my skills in Dart, UI design, and REST API integration. Committed to delivering high-quality apps, driving team success, and contributing to growth.

EXPERIENCE

OmegaSoftBD

Flutter Developer Intern

Remote

June, 2025- October, 2025

https://omegasoftbd.com/

SKILLS

Programming & Frameworks

Programming Languages: Dart,C,C++,Python,Java
Frameworks & Frontend: Flutter, Flutter Widgets, Material & Cupertino Design, Responsive UI.
State Management: GetX, Provider, Riverpod.
Backend & Server: Firebase (Auth, Firestore, Realtime DB).
Database & Storage: Firebase Firestore, Realtime Database, MongoDB, Local Storage.
Payment & APIs: SSLCOMMERZ, RESTful APIs, JSON Parsing.
Version Control & Deployment: Git, GitHub, Netlify VSCode, Android Studio.
Libraries & Tools: Dio, HTTP, Shared Preferences, Flutter Animations.
Soft Skills: Problem-solving, Teamwork, Communication, Time Management, Adaptability, Responsibility.

EDUCATION

Bachelor of Science in CSE

Daffodil International University

2022 - Present

Higher Secondary Certificate

Rajbari Govt. College

Science 2020

Projects

Crafty Bay (E-commerce App) Github : Link

Tech Stack: Flutter, REST API, Firebase, GetX

- Developed a complete e-commerce application with a clean and responsive user interface.
- Implemented user authentication, product listing, search and filter, cart, and order tracking features.
- Integrated RESTful APIs for smooth backend communication and ensured scalable architecture for future updates.
- Focused on state management using GetX for improved performance and code maintenance.

SkyCast (Weather App) Github : Link

Tech Stack: Flutter, OpenWeather API

- Created a real-time weather forecasting app that displays current temperature, humidity, and forecast details.
- Integrated OpenWeather API to fetch live weather data based on user's location.
- Designed a modern, responsive UI with dynamic backgrounds and icons that change according to weather conditions.

Chat Mate (Real-Time Chat App) Gthub : Link

Tech Stack: Flutter, Firebase Firestore, Firebase Auth

- Built a real-time chat application enabling instant messaging and secure user authentication.
- Used Firebase Firestore for live message synchronization and Firebase Auth for login/signup management.
- Focused on smooth performance and real-time communication using Firebase cloud features.

Certifcations

App Development With Flutter Drive : Link

Novembar-August 2025

- Learned Dart programming, responsive UI design, Firebase, and REST API integration.
- Built projects including an **E-Commerce App, Task Manager App, CRUD App, Google Maps.**
